No. <sup>4830</sup><sub>111</sub> of 1913.

FROM

THE HON'BLE SIR ELLIOT GRAHAM COLVIN, K.C.S.I.,  
*Chief Commissioner of Ajmer-Merwara,*

TO

THE SECRETARY TO THE GOVERNMENT OF INDIA IN THE  
FOREIGN DEPARTMENT.

*Dated Mount Abu, the 17th October 1913.*

SIR,

I have the honour to submit the annual administration report of Ajmer-Merwara for the year 1912-1913, compiled by the Commissioner Mr. A. T. Holme, I.C.S., with my remarks thereon.

I have the honour to be,

SIR,

Your most obedient servant,

E. G. COLVIN,

*Chief Commissioner of Ajmer-Merwara.*

*Remarks by the Honourable the Chief Commissioner, Ajmer-Merwara.*

---

The year was only a moderately good one, the rabi crop being very poor in the Todgarh Tahsil, and the Kharif crop having failed in portions of the Beawar Tahsil.

2. Imperial revenues showed a small surplus of Rs. 45,654.

3. The Excise receipts increased by Rs. 5,641, chiefly under the head of country spirits, in spite of the enhanced rates imposed during the preceding year on country liquor.

4. The Ajmer Municipality are to be congratulated on having at last matured a scheme, which affords good prospects of success for an additional water-supply to the city and on their amicable negotiations with the Bombay, Baroda and Central India Railway authorities in regard to taxation and co-operation (paragraphs 164 to 166); also on the utilisation of the Government grant of Rs. 1,20,000 improving their conservancy system.

5. The year has been noticeable for a great expansion in the number of Co-operative Credit Societies and for the introduction of measures under the Ajmer Taluqdars Loan Regulation (1911). These matters should receive more detailed notice in the report for next year.

By order,

A. D. BANNERMAN, *Lt.-Colonel,*  
*First Assistant to the Hon'ble the*  
*Chief Commissioner of Ajmer-Merwara.*

# REPORT

ON THE

## ADMINISTRATION OF AJMER-MERWARA.

FOR

1912-1913.

### SECTION I.

#### GENERAL ADMINISTRATION.

1. The charge of the office of Commissioner, Ajmer-Merwara, was held as Personnel. follows :—

2. Mr. B. J. Glancy, I.C.S., held the office of Assistant Commissioner, Ajmer, from 1st April 1912 to 11th March 1913, on which date he handed over charge to Mr. D. G. Mackenzie, M.A., I.C.S.

3. Pandit Brij Jiwan Lal Sharma, B.A., held charge of the office of Extra Assistant Commissioner, Merwara, throughout the year under report.

5. Mr. R. E. Coupland held the office of Superintendent of Police, Ajmer-Merwara, from 1st April 1912 to 14th February 1913, on which date he handed over charge to Mr. L. B. Goad.

6. The total revenue (Imperial and Local) of Ajmer-Merwara for the year amounted to Rs. 17,45,488 as compared with Rs. 14,64,571 last year and the total expenditure was Rs. 15,47,759-2-7 as against Rs. 16,29,562 in 1911-1912. ## SECTION II.

## ADMINISTRATION OF THE LAND.

## COURT OF WARDS.

*Year ending 31st July 1913.*

7. Rai Sahib Munshi Gopi Nath held charge of the office of General Manager, Court of Wards, throughout the year.

Agricultural  
Aspects.

8. From an agricultural point of view, the year (Sambat 1969) was a poor one. The rainfall was much below the average and not sufficient to fill the tanks or to supply sufficient percolation to wells. Consequently the *barani* or dry crops both in the *kharif* and *rabi* harvests were very poor. The rains in the month of August 1912, however, improved the growth of grass and the crops sown on well land. The prices of agricultural produce which ruled high throughout the year, as also the fodder which was more than sufficient, went a great way to mitigate the stress of the scarcity, so far as the estates and their tenants were concerned.

Estates under  
management.

9. At the beginning of the year there were ten estates under management, *viz.*—

1. Masuda, 2. Kalahera-Bogla, 3. Kerot, 4. Goela, 5. Basundni,
6. Richmalian, 7. Kanai Kalan, 8. Sadara, 9. Gangwana, and
10. Rajgarh.

1. Pranhera.  
2. Bhinai.  
3. Jharwasa  
Bhattiani.

10. The three estates noted in the margin came under management during the year.

11. Thakur Ranjit Singh of Pranhera having been convicted of a criminal offence was declared incapable of managing his estate, under Section 7 (1) (c) (ii) of the Ajmer Government Wards Regulation, I of 1888, and the Pranhera estate came under the Court's management in March 1913.

12. Raja Sadul Singh of Bhinai, who had been placed in charge of his estate in April 1912, became seriously ill, and was declared physically unfit to manage his property under Section 7 (1) (c) (i) of the Ajmer Government Wards Regulation. His estate was again placed under the superintendence of the Court of Wards in June 1913.

13. Mir Meherban Ali, Jagirdar of Jharwasa Bhattiani, being heavily involved in debt, was declared incapable of managing his property under Section 7 (1) (c) (iv) of the Regulation. His estate came under the Court's supervision on the 14th July 1913.

14. Thus there were 13 estates under the Court's management at the close of the year.

15. The year under report opened with a cash balance of Rs. 86,674 besides Government Promissory notes of the face value of Rs. 3,62,100.

32. Mr. R. E. Coupland held charge of the office of Superintendent of Police throughout the year.

## INCREASE AND DECREASE IN REPORTED COGNIZABLE CRIME.

33. The total volume of cognizable crime reported in 1912 was 5,419 as compared with 4,730 in 1911 and 3,784 in 1910. These figures include cases reported to the police and also those reported direct to Magistrates. Comparing the figures under each of those heads with the figures for 1911 it will be found that cases reported to the police have increased by 15 per cent. and those reported to Magistrates by 4 per cent.

34. Following the practice of former years a table is given below from which details of the figures for each of the last two years under the main divisions of crime as shown in Statement A can be ascertained :—

This statement shows that, once again, the increase in reported crime is entirely confined to cases falling in Class VI, namely, miscellaneous offences which do not come under the Indian Penal Code.

35. In the two years ending December 31st, 1912, the number of such offences has risen from 1,545 to 3,514. This increase is entirely under the sub-head "Public Nuisances." The Superintendent of Police explains the increase for 1912 in the following words :—

"The number of cases of public nuisances depends entirely on the activity or inactivity of the police in enforcing the provisions of Section 34 of the Police Act and of Municipal and Cantonment

- Bye-laws. In a district like this where the urban population is such a large percentage of the total population, the effect of such activity affects the crime returns to a remarkable extent. The increased activity of the police in this direction commences from the close of 1909 when plague was rampant throughout the district and my attention was drawn to the comparative neglect of the police in dealing with sanitary and other similar offences. It may be objected that the action taken is unnecessarily harassing but in answer to this I would point out that such cases come before Cantonment Magistrates or Honorary Magistrates, that the former have not brought to notice any abuse of authority and that the latter, who are generally inclined to sympathise with petty breaches of sanitary laws, have shown their confidence in police action by convicting 98 per cent. of cases that came before them."

36. This is no doubt quite true but the number of sanitary offences instituted by the police in Ajmer-Merwara during 1912 stands at 27 per thousand of the total urban population as compared with 3 in the United Provinces as a whole. The great increase in such cases in 1911 was held to be justified by the special circumstances of the year but those same circumstances did not exist in 1912 and the explanation given by the Superintendent of Police hardly meets the case in view of the remarks made in the report for 1911. The matter will form the subject of a separate enquiry.

37. Excluding cases in class VI, the total volume of reported crime shows a decrease of 44 cases or approximately 3 per cent. In view of the conditions which existed in 1911 a somewhat lighter crime return might have been expected for 1912 but in the report for 1911 it was pointed out that the rise in ordinary crime that year had not been nearly as marked as might have been expected, in view of the almost total failure of the monsoon in Ajmer-Merwara, and this was attributed in part to the fact that, for several years immediately preceding 1911, exceptionally good harvests had been obtained. Moreover the figures are swelled by a further increase in cases reported direct to Magistrates.

The incidence of cognizable crime as a whole, excluding false cases, was 106 per 10,000 of population for 1912 as compared with 92 for 1911. The large number of sanitary offences included in the returns is chiefly responsible for those very high figures, however, and, if such cases be eliminated, the incidence for 1912 stands at 38.9 as compared with 39.2 for 1911 and 36.6 for 1910. In the United Provinces the incidence (excluding sanitary offences) was 29 for 1911.

38. The Superintendent of Police attributes the comparatively high crime returns of Ajmer-Merwara to the causes already detailed in the report for 1911, namely :—

- (i) the proportionately large urban population, and
- (ii) the great attention paid by the local police to the question of obtaining a full report of crime.

There is little reason to question this explanation and the encouragement which reporting receives from the local police is shown by the fact that constables on beat-duty are declared to have been instrumental in obtaining no less than 32 per cent of the total number of reports laid to the police and the percentage of cases in which a written report was accepted at police-stations, without complainants being called upon to appear in person, rose from 13 to 20. This is all very satisfactory.

39. Cases of non-cognizable crime decreased by 1,326 during the year under report. This decrease was entirely among offences against Municipal Regulations. There was an increase of 609 cases in 1911.

#### POLICE CASES—ALL CLASSES.

40. The total number of cognizable offences reported to the police during 1912 was 5,003 as compared with 4,330 in 1911. As already mentioned, these

high figures are entirely due to increased vigilance in connection with prosecutions for breaches of sanitary laws in Ajmer itself and the other towns of Ajmer-Merwara. If such cases be excluded the number of offences reported stands at 1,609 for 1912 against 1,668 for the preceding year.

41. No investigation was made into 587 (or 36 per cent.) of the cases reported. In 1911 the number of cases into which no enquiry was made was 636 (or 38 per cent). It is noticeable that whilst investigation was refused in a larger percentage of cases of housebreaking or burglary enquiries into cases of petty theft were proportionately more numerous than in the preceding year and the Superintendent of Police admits that certain members of the investigating staff are still prone to undertake enquiries without consulting the wishes of the complainant, though he adds that, as a whole, the discretion vested in the police to refuse investigation is fairly exercised. The subject calls for further attention but, as mentioned in previous reports, Ajmer-Merwara is not, in this respect, on all fours with regulation provinces and the proportion of cases investigated will always be comparatively high. It is worth noting, too, that, in his report on the administration of the United Provinces Police for the year 1911, the Inspector-General notes that there are indications that the option of investigation is overstrained in those provinces and that cases which should be enquired into are not.

42. The total number of police cases decided during 1912 was 3,905 against 3,175 in the preceding year. Of cases investigated 85 per cent. ended in conviction as compared with 82 per cent. in 1911 and 95 per cent. of the persons arrested by the police were convicted—that percentage being the same as for 1911. If prosecutions instituted for breaches of the sanitary laws (in the majority of which conviction is, practically, a foregone conclusion) be excluded the percentage of cases convicted to investigations stands at 45 for the year under report as compared with the same figure in 1911 and 43 in 1910. and the percentage of persons convicted to arrests at 82 against 84 and 79 in the two preceding years.

43. These figures compare very favourably with the statistics of the United Provinces for the year 1911 and, in consideration of the very large proportion of cases reported which were investigated, may be taken as indicating good work

*Class I.—Offences against the State, Public Tranquillity, Safety and Justice.*

44. The number of true cases in this class dealt with by the police in 1912 was 16, of which total 11 ended in conviction while 2 were still undertrial at the close of the year.

45. Two offences relating to coin are returned for 1912 both of which were prosecuted to conviction. One was a case in which a man endeavoured to put into circulation a number of counterfeit two-anna pieces. He was convicted but the origin of the coins could not be discovered. The other was a petty case in which a pice coated with mercury was passed as an eight anna piece.

46. Five escapes from custody occurred during the year under report as compared with 1 in the preceding year. In only one of those cases were the police to blame, however, and all but one of the absconders were re-arrested and convicted. Two constables were punished departmentally in connection with that one case.

47. Six cases of rioting or unlawful assembly were dealt with during the year, three of which ended in conviction while 1 was withdrawn and 1 was still pending at the close of 1912.

48. The only case of any importance was a riot which took place at Bhinai in connection with the Holi. Some time before that festival certain Mahomedans residing at Bhinai had objected to the route along which the Hindus proposed to take their Holi procession and to the singing of obscene songs. The matter was reported to the district authorities with the result that a route had been laid down for that procession which would avoid offence and interference. In spite of this, however, when the time came the Mahomedans made an entirely unwarranted attack on the Hindus and drove them away. There was more than a suspicion that the local police were mixed up in this affair and, as they failed

to take proper action after the riot had occurred, the Sub-Inspector was punished departmentally. Nineteen persons were sent up for trial for participating in the riot and were, with one exception, sentenced to various terms of imprisonment and fine.

None of the other cases were of special interest or called for detailed notice.

*Class II.—Serious offences against the person.*

49. Ninety-nine cases falling in this class were dealt with by the police in 1912 as compared with 88 in the preceding year. Fifty-three of those cases came before the Courts with the result that 35 were convicted, 13 acquitted and 5 were still under trial at the close of the year.

50. Cases of murder numbered 9 as compared with 10 in the preceding year. In five of those cases the victims were prostitutes who were strangled and robbed of their ornaments by persons who visited them at their houses. Two similar cases had taken place before the close of 1911 and the failure of the police to detect the perpetrators of any of those crimes up to August 1912 had caused a considerable amount of uneasiness in Ajmer. The gang which ultimately proved to have been responsible for at least three of those murders became emboldened by this and was finally accounted for by the police in connection with the murder of a prostitute named Mussammatt Dhuli in August 1912. As a result two men and a woman were sent up for trial whilst a third man was made an approver. Those three persons were convicted by the Sessions Judge but, on appeal to the Chief Commissioner, the conviction was set aside in the case of the two men. Subsequently the approver was himself convicted under section 404, Indian Penal Code, for dishonest possession of the ornaments of a woman who had been murdered in the previous April. In addition to that gang there would appear to have been another man committing murders of the same type unless, indeed, as is possibly the case, he belonged to the same gang but was not named by his accomplices for some special reason.

51. That man attempted to murder yet another woman of the same class as the other victims, in September 1912, but failed in his object and the injured woman subsequently gave a full description of him to the police. It then transpired that a man of the same description had been connected with murders which had occurred in the previous June and in October 1911 but had not been traced. Further search was made for him in connection with this case but it has so far proved unavailing. Every precaution has been taken to ensure that immediate information is given to the police if a man of his description visits any woman of the unfortunate class but the Superintendent of Police is convinced that he was not a resident of Ajmer and as the offer of rewards and the publication of his descriptive roll in Police Gazettes has failed to elicit any further clue there is not much hope that he will now be traced. Since that last case no more murders of the same type have occurred in Ajmer and there is little doubt that the gang already mentioned were responsible for most if not all of those murders.

52. No other cases in this class call for special mention or presented any extraordinary features.

*Class III.—Serious offences against person and property or against property only.*

53. The total number of true cases of this class dealt with by the police in the year under report was 406 against 541 in 1911. Two hundred and eighty-seven of those cases were not investigated and, of the remainder, 63 were sent up for trial with the result that 52 ended in conviction, 6 in acquittal and 5 were still pending at the close of the year.

54. The number of dakaitis returned for 1912 is six as compared with ten in the preceding year. These were all attacks on travellers journeying along unfrequented roads and village bye-paths. Three of those dakaitis occurred in the course of one week, in January, in the Masuda Circle. Sansis of Mewar were once again suspected and, on information being received that a

large gang of that tribe was encamped just across the border, the Sub-Inspector of Masuda prevailed upon the Mewar Police to raid that encampment with the result that much suspicious property was recovered. Part of it was claimed by the complainants in these cases but the identification was not sufficiently convincing to justify those cases being sent up for trial.

55. In another case which occurred in the month of April between the Deoli Cantonment and a village in Jaipur State the complainant professed to recognize, as the perpetrators, some Kanjars who were encamped in Jaipur territory close by. Before action could be taken, however, the gang moved off and could not subsequently be traced. The Superintendent of Police points out that here once again the refusal of the Jaipur Durbar to allow the Ajmer-Merwara Police to cross the border in the course of their investigations or to make any arrests without previously obtaining a *parwana* seriously hampered the investigation of this case and is much to be deprecated.

56. From May to December the district remained immune from this form of crime but on December 2nd a party of Mahajans were set upon in one of the passes leading from Marwar to Todgarh by a gang of men armed with guns, bows and arrows, and swords and were dispossessed of all their property. In spite of a very full and careful enquiry this case, too, remained undetected though it was strongly suspected to be the work of certain Minas of the Sirohi State who were also believed to be responsible for two serious dakaitis which took place about that same time in the Sojat police circle (Marwar) in villages at no great distance from the scene of this occurrence.

57. The lack of success in dealing with these cases is much to be regretted, but as the Superintendent of Police remarks the return for 1912 proves yet once again how necessary it is that the police of the States which surround Ajmer-Merwara should be permitted to co-operate with the Ajmer Police as freely as the police of districts in British India co-operate with one another and that it is the lack of such co-operation which is mainly responsible for the greater portion of the dakaitis which occur in Ajmer-Merwara. Since the commencement of 1913 both the Udaipur and Jaipur Durbars have been addressed yet once again on this subject and it is to be hoped that the matter will receive more favourable consideration on their part than has been the case in the past.

58. Twelve cases of robbery are returned for 1912 as compared with 4 in the preceding year. Three of those cases ended in conviction, but the remainder were untraced.

59. The sudden rise in this serious form of crime is not satisfactory, but it must be borne in mind that the line separating robbery from dakaiti is a very thin one and that the returns show a considerable decrease in dakaitis. For some years, too, the number of robberies returned has been extraordinarily low and whereas, from 1906 to 1908, the average was 16 cases per annum, from 1909 to 1911 that average dwindled to five.

60. The Superintendent of Police has offered no explanation of these variations but the return for 1912 appears to have been swelled by three cases which occurred within half-a-mile of the Marwar border immediately after the Pushkar fair and by two technical robberies in which women suffered hurt from burglars at night. All of those cases remained undetected.

61. The only other form of crime included in Class III which calls for special notice is housebreaking or burglary (serial No. 29). The number of true cases falling in that category stands at 472 for 1912 as compared with 516 in 1911.

62. The Superintendent of Police points out that the decrease occurred chiefly in the towns (Ajmer, Beawar and Nasirabad) where a regular system of patrolling is in force and attributes it to more efficient patrolling; the figures support this contention. The success met with in cases investigated has not been very marked but compares fairly favourably with the return for 1911. Of 189 cases investigated 58 came before the Courts and, of 53 tried out, 48 ended in conviction. Moreover in a considerable number of cases property stolen by burglars was recovered from receivers which were prosecuted to conviction under section 411, Indian Penal Code. Altogether, though there has been no very marked success in dealing with this form of crime the work has been up to the average and compares favourably with that of the United

Provinces Police. No cases of special importance occurred in the year under report.

*Class IV.—Minor offences against the person.*

63. Only two cases are returned under this class for 1912, of which one was compounded whilst the other was still pending at the close of that year.

*Class V.—Minor offences against property.*

64. Eight hundred and twenty-seven cases of this class were dealt with by the police in the year under report as compared with 848 in the preceding year. Investigation was made into 537 of those cases with the result that 311 were sent up for trial, 280 being convicted, 20 acquitted and 11 being still pending at the close of 1912.

65. Thefts of cattle rose from 52 to 70. Eight of those cases are returned as not enquired into. Of the remainder, 18 were sent up for trial with the result that 15 ended in conviction, and 2 in acquittal whilst 1 was still pending at the close of the year.

66. In addition to cattle-thieves convicted for the original offence 13 receivers were convicted under sections 411 to 414, Indian Penal Code, so that the number of convictions for cattle-thieving and cognate offences was 28. This is a slightly higher figure than in the two previous years.

67. On the other hand the number of cattle reported to have strayed which were never recovered rose from 176 to 226 and there can be little doubt that a considerable number of those animals were stolen.

68. The special difficulties met with by the Ajmer-Merwara Police in the matter of following up and tracing lost cattle have been dealt with fully in previous reports but as an illustration of this, it may be mentioned that the Superintendent of Police states that in no less than 15 of the cases returned as undetected in 1912 the stolen cattle were subsequently traced to adjacent Native States. In such circumstances it is of the greatest importance that, when cases are successfully worked out, really deterrent sentences should be passed. That this has not hitherto been the case is shown by the following extract from the report of the Superintendent of Police:—

“In cattle-theft cases the sentences are peculiarly lenient, the average sentence inflicted in 1912 on persons convicted of the original offence of theft or burglary in which cattle were stolen being only four months’ imprisonment and Rs 7 fine, while the average sentence inflicted in cases of unlawful possession of stolen cattle was only 1½ months imprisonment and Rs. 12 fine.”

The attention of the District Magistrate has been drawn to these facts.

None of the other offences in this class call for special notice.

*Class VI.—Other offences not specified above.*

69. The number of cases of this class increased from 2,811 to 3,531. That increase was confined to offences falling under the head of “Public Nuisances” and has already been noticed in paragraph 3 of this report.

70. All but seven of those cases came before the Courts with the result that 3,429 were convicted, 68 acquitted or discharged and 36 were still under trial at the close of the year.

71. Prosecutions for vagrancy and bad livelihood numbered 38 as compared with 47 in 1911. Only 4 of those cases came within the purview of section 110 of the Code of Criminal Procedure while the remainder were prosecutions for vagrancy under section 109 of that Code.

72. All the four persons proceeded against under section 110 were ordered to furnish security, the average amount demanded being Rs. 237 with an alternative of 13½ months’ imprisonment. Security was furnished by two of those persons, the other two going to prison in default.

73. Of the prosecutions under section 109, Criminal Procedure Code, 22 resulted in security being demanded, while in 5 cases the persons concerned were discharged and 8 were still under trial at the close of the year.

74. The average security demanded in those cases was Rs. 75 with an alternative of 7 months' imprisonment; security was furnished in 8 cases.

75. The police were not quite as successful in such prosecutions as in former years and the Superintendent of Police refers to the injudicious action of one of his subordinates in proceeding on insufficient grounds against certain Naiks of Ajmer who were found masquerading as Sadhus in Beawar. It is desirable that the institution of such prosecutions should be kept by the Superintendent of Police in his own hands.

76. The very large number of suspicious strangers who have been successfully prosecuted under the preventive sections during the last few years has, however, undoubtedly had a marked effect on the crime returns of this district and is probably responsible to no inconsiderable extent for the decrease in organized heinous crime and cases of housebreaking which has taken place in the last six years.

77. Prosecutions for breaches of the Excise and Opium Acts increased from 36 to 53. All but 4 of those cases resulted in conviction.

78. Several of them were cases in connection with the illicit importation and sale of cocaine and one important case of opium smuggling was detected which resulted in the arrest and conviction of a smuggler with  $13\frac{1}{2}$  seers of opium in his possession. The police are stated to have earned a considerably larger sum in rewards than in the previous year but the Superintendent of Police has failed to specify the exact amount.

79. The work under this head shows a marked improvement and may be looked on as very satisfactory.

#### *Property stolen and recovered.*

80. The amount of property stolen was valued at Rs. 65,444 or Rs. 17,338 more than in 1911. The percentage of recovery, on the other hand, fell from 25 to 12.

81. The variation between the figures of the two years is considerable but there was an even greater variation between the figures of 1910 and 1911; losses in the former year totalling Rs. 99,487 and the percentage of recovery being 13.

82. So many factors have to be taken into consideration when analyzing statistics under this head, however, that it has long been a generally accepted axiom that too much reliance should not be placed on such returns.

#### IDENTIFICATION BY MEANS OF FINGER IMPRESSIONS.

83. The finger-impression slips of 121 persons were sent to the Bureau for search during the year under report as compared with 204 in the preceding year. Thirty-one of those slips resulted in the identity of previously-convicted offenders being established. There has been a considerable falling off both in the number of slips sent for search and in the percentage which resulted in the identity of the persons concerned being established.

#### PROCLAIMED OFFENDERS.

84. The names of 61 proclaimed offenders figured on the registers of this district at the commencement of 1912. Thirteen names were added during the year making a total of 74 for disposal. Fifteen of those persons were arrested and the names of seven others were expunged for special reasons leaving a closing balance of 52.

85. The result of the special instructions given by the Superintendent of Police to Inspectors and Sub-Inspectors, to which reference was made in the report for 1911, is very apparent as the number of arrests effected in 1912 exceeds the combined total for the two preceding years. It is to be hoped that this important subject will continue to receive the attention which it merits.

### SURVEILLANCE OVER PERSONS WHOSE HISTORY-SHEETS HAVE BEEN PREPARED.

86. The number of history-sheets still maintained at the close of 1911 was 530. In the annual report for 1911 that number was quoted as 483 but it would appear that the correct number is as now stated. One hundred and eighty-seven of those history sheets were discontinued for various causes, during 1912, but 118 new sheets were added.

87. At the close of the year under report therefore 461 history-sheets were still maintained and, of this number, 36 referred to criminals who had been re-convicted during the year.

88. The number of persons who figured on the surveillance register at the close of 1912 was 94 and the percentage of persons whose history-sheets were maintained but who were themselves untraced was 15 as compared with 17 at the close of the preceding year. The difficulties met with by the Ajmer-Merwara Police in maintaining effective supervision over such criminals has been fully dealt with in previous reports and, until adjoining States will introduce the system in force in British India and will see that it is acted up to by their police, there is little hope of improvement in this respect.

### CO-OPERATION WITH THE POLICE OF NATIVE STATES.

89. The Superintendent of Police reports that relations with the police-officials of the Kishengarh State and Shahpura Chiefship continued to be all that could be desired during 1912 and that a certain amount of assistance was received from the Marwar Police. He still complains of lack of co-operation on the part of the Jaipur and Mewar States officials but it is to be hoped that representations which have recently been made to those Durbars may result in an improvement in the relations with the police-officials of those States also.

### STRENGTH, COST AND EMPLOYMENT OF THE POLICE.

90. An increase of 1 Head Constable and 11 Constables took place in the year under report. This was in connection with the relief of the Kekri Municipality from all police charges and the substitution of constabulary for the chaukidari force formerly maintained in that town. All Municipalities in Ajmer-Merwara have now been relieved of police charges. The actual cost of the force rose from Rs. 1,90,309 to Rs. 1,98,573. This increase was due, in part, to the addition to the force referred to above and in part, to better recruitment.

### REWARDS AND PUNISHMENTS.

91. One hundred and twenty-one members of the force were rewarded in 1912 as compared with 122 in the preceding year. The total amount paid in rewards, from all sources was Rs. 1,719 : in 1911 it was Rs. 1,794. This variation does not call for any explanation.

92. The total number of punishments inflicted was 38 as compared with 39 in 1911 and included 3 judicial punishments, 17 dismissals and 18 other departmental punishments.

93. It is satisfactory to note that the punishment-roll is once again not a heavy one. In no case was it found necessary to interfere with the order of the Superintendent of Police on appeal and Mr. Coupland is to be congratulated on the discrimination he has shown in taking up departmental cases against his subordinates.

### HEALTH.

94. The health of the force was not quite so good as in the preceding year but compared favourably with that for 1910. Nine deaths occurred in 1912 and admissions to hospital totalled 49 per cent. of the actual strength. In 1911 the figures were 4 and 37 respectively.

## CASUALTIES.

The following casualties occurred during the year :—

(1) Pension or gratuity . . . . .	13
(2) Resignation without pension or gratuity . . . . .	68
(3) Dismissal . . . . .	19
(4) Discharge otherwise than above . . . . .	52
(5) Desertion . . . . .	...
(6) Death . . . . .	9
	<hr/>
	161

95. These figures are slightly in advance of those for 1911 (when casualties totalled 151) and this is partly due to the increase in deaths and partly to an increase in the number of recruits who were discharged within their probationary period as unlikely to make efficient police-officers. As regards this latter cause it was almost inevitable that there should be such an increase in view of the large number of recruits enlisted in 1911.

96. On the other hand it is satisfactory to note that there has been, yet once again, a fall in the number of resignations, even though it is only a small one, and that the prophecy of the Superintendent of Police, as recorded in his report for 1911, that resignations would increase considerably in 1912 has not been fulfilled. It must be admitted, however, that recruiting was not nearly as brisk as in the preceding year and the short rainfall of 1912 may possibly have induced some recruits to stay on who would otherwise have returned to agricultural pursuits.

## GENERAL REMARKS.

97. The work of the police has once again been satisfactory. In dealing with some of the more serious forms of crime the success met with has not been very marked but the figures as a whole compare favourably with those of former years and there are numerous satisfactory features in the year's work, not the least of which are the decrease in cases of house-breaking in the larger towns, the capture of the gang of murderers in Ajmer and the low dakaiti return.

98. The conduct and discipline of the force have been excellent and the punishment-roll is, once again, a short one.

99. All police-stations were inspected at least once by a gazetted officer and twice by a Circle-Inspector.

100. The most important building project undertaken during the year was the erection of a new police-station at Todgarh. Family quarters have now been added to all but the largest police-stations and the comfort of subordinate officers has been much increased thereby.

101. Since the commencement of 1913 Mr. Coupland's long connection with Ajmer-Merwara has come to an end as he has proceeded on long leave and will not return to Ajmer-Merwara at the end of it.

102. The change he has effected in the work, conduct and general bearing of the Ajmer-Merwara Police since he first assumed charge of that Force in 1906 has been very marked and he is fully entitled to the thanks of the Administration for the excellent work he has done and the great improvement he has achieved.

(2) CRIMINAL JUSTICE (YEAR ENDING THE 31ST DECEMBER 1912).

103. During the year under report the office of District Magistrate, Ajmer and Merwara, was held by Mr. B. J. Glancy, I.C.S.

104. The total number of offences reported was 10,698, of which 9,205 were returned as true.

105. Of these, 2,963 were reported under the Police Act against 2,368 in the preceding year.

131. The total number of all classes of documents presented for registration during the year under report was 6,368 as against 4,677 in the preceding year. The increase of 1,691 which occurred chiefly under the head of Book No. I, that is to say, non-testamentary documents relating to immovable property, may be accounted for by the execution of a larger number of documents in consequence of the unsatisfactory harvests of the year, coupled with the increased activity of the Co-operative Credit Societies and the pressure for punctual repayment of instalments and demand of better security on the part of money lenders, purchase of more land by the cultivators and Mahajans and realization of the benefits of registration by the people in Merwara.

132. Out of the total number of documents presented for registration, 3,309 documents or 51·96 per cent. of the whole as against 55·27 per cent. in the preceding year were registered by the Sub-Registrar, Ajmer.

#### (5) MUNICIPALITIES (YEAR ENDING THE 31ST MARCH 1913.)

140. If refunds are excluded, which amounted to Rs. 41,189 in 1911-1912 and Rs. 46,682 in 1912-1913, the figures for the two years compare as below :—

	1911-1912. Rs.	1912-1913. Rs.	Difference. Rs.
Income . . . . .	2,42,077	3,49,671	+1,07,594
Expenditure . . . . .	2,82,217	2,50,077	— 32,140

141. The increase in receipts is mainly due to the Government grant made to the Municipality for sanitary improvements.

142. The decrease in expenditure is chiefly under the heads "Police," "Conservancy," "Roads," and "other items."

143. There was no expenditure under head "Police." Under head "Conservancy" the decrease is due to no abnormal expenditure having been incurred during the year.

144. The decrease under head "Roads" is due to no extraordinary repairs having been executed during the year.

145. The gross and net receipts from Octroi in the two years are shown below :—

	Gross. Rs.	Net. Rs.
1911-1912 . . . . .	1,94,438	1,53,249

	+ 15,647	+ 10,154

146. The increase of Rs. 15,647 in gross receipts has occurred chiefly under the items "other articles of food," "Sugar" and "Grains," and may be ascribed to large imports in consequence of the year being a favourable one for marriages.

147. The total disbursements during the year under report amounted to Rs. 2,96,759 against Rs. 3,23,406 in the previous year.

148. The variations chiefly occurred under the following heads :—

Water-supply . . . . .	20,652	—

Veterinary charges . . . . .	1,628	—
Roads . . . . .	—	3,397
Public Instruction . . . . .	1,590	—
Other items . . . . .	—	12,166

149. The decrease under heads "Police," "Conservancy," "Roads," and "other items" has already been explained.

150. The increase under head "Refunds" may be attributed to the increase in Octroi receipts.

151. The increase of Rs. 20,652 under heads "Water-supply" is chiefly due to pumping tests at Sagarmati, which amounted to Rs. 16,563, and to pumping water from Budha Pushkar for the greater part of the year.

152. The increase of Rs. 1,628 under head "Veterinary charges" is due to the Committee's contribution to the Veterinary shoeing forge for two years, at Rs. 820 per annum.

153. The increase under head "Public Instruction" is chiefly due to the payment of contribution towards the Dayanand Assam Anglo Vedic High School and a gratuity to Rao Sahib Pandit Narsingh Das, late Head Master-City Branch School.

154. A sum of Rs. 16,790 was paid during the year towards the liquidation of Government loans.

158. The first rainfall, registered on the 9th July 1912, was .52 inches when the Foyasagar lake rose from .99 feet, the lowest point reached, to 3.22 feet, representing a rise of 2.23 feet. From this date the water level began to rise.

159. The total depth of the Foyasagar between the sill of the lowest sluice and full supply level is 24 feet, and the highest point recorded after the hot weather was 15.10 feet on 1st September 1912.

160. The water level of the lake on the 1st April 1912 was 7.48 feet, so that between this and the 9th July 1912, the date of the first rainfall registered, the water level dropped 6.49 feet, as against 4.24 feet registered from 1st April to 13th June of the previous year.

161. The total rainfall between June and September 1912 was only 14.08 inches, while for the whole year under report it was 15.09 inches, the normal fall being 21.09 inches.

162. The supply of water by gravitation being insufficient, pumping had to be resorted to for 194 days in July 1912 and from September 1912 to March 1913.

163. In addition to this, the Railway had to be called in to help and the water supplied by them from Budha Pushkar amounted to 21.06 million gallons.

164. The question of taxing the Railway for indirect services rendered to them by the Municipality has been concluded by an amicable arrangement according to which the Railway will pay a fixed sum annually for a period of years.

165. From the tests carried out in the Sagarmati Valley there is good reason to hope for success in an additional water-supply from that valley. An estimate of the cost amounting to Rs. 4,39,085 has been prepared by the Superintending Engineer, Rajputana, and is under the consideration of the Committee who propose to make an application to Government for a loan with a view to starting work as soon as possible.

166. The Committee are likely to enter into a partnership with the Railway in regard to all existing and future water schemes to the advantage of both parties, but the completion of the Sagarmati valley project will not be delayed pending the settlement of this question.

167. The scheme for replacing so far as practicable the present bullock power in Conservancy system by steam traction has been sanctioned by the Local Administration and it is proposed to utilize the whole of the Government grant of Rs. 1,20,000 in this scheme, and in the renewal of rolling stock which it urgently required.

168. The number of recorded births rose from 1,572 to 1,694 and that of deaths decreased from 3,418 to 2,820.

172. The total number of vaccinations performed in the Ajmer town and suburbs was 2,692 against 3,935 in the previous year. The number of primary vaccinations was 2,599 and of re-vaccinations 93 against 3,458 and 477 respectively last year.

173. Forty-one hoppers and 10 hand carts were received during the year under report. One new five seated galvanized iron urinal and one new four seated galvanized iron latrine have been provided in the city. The number of Conservancy carts, etc., is insufficient.

173. The sanitary arrangements which were insufficient and backward are receiving attention.

174. There was no change in the Municipal boundaries during the year.

175. During the year under report the Committee held 21 meetings of which 12 were special and 9 ordinary as compared with 7 special and 5 ordinary in 1911-12. Beawar Municipality.

176. The total net income of the year amounted to Rs. 91,189 as against Rs. 70,531 in 1911-12 and the expenditure to Rs. 17,000 as against Rs. 77,184. The closing balance amounted to Rs. 83,131 exclusive of Rs. 10,000 invested in Government paper.

177. The increase of Rs. 20,658 in the income is chiefly due to the grant of Rs. 25,000 from Government for sanitary purposes, but the head Octroi shows a decrease of Rs. 3,115, which is mainly due to the fact that "Gur" that was imported last year was exported this year.

178. The incidence of Octroi taxation on a population of 22,800 was Rs. 2-11-3 per head as against Rs. 2-13-4 in the year 1911-12.

179. Compared with the previous year the expenditure shows a decrease of Rs. 20,184 which occurred chiefly under the heads "General Administration," "Police," and "Roads."

185. The increase of Rs. 4,838 in receipts is mainly under head Octroi which is the chief source of income of the Municipality and shows an increase of Rs. 4,677. This increase is chiefly due to a considerable increase in the imports of commodities owing to the celebration of a large number of marriages and the holding of funeral feasts this year, as also to the introduction of the new Octroi schedule.

186. The decrease of Rs. 545 in expenditure was mainly under heads "Police," "Conservancy," and "Garden and Arboriculture."

187. The Committee have been relieved of all expenses incurred in connection with the maintenance of the Municipal Police from 1st May 1912.

## (1) Land and water Revenue.

221. The year under report, which includes the accounts for the Rabi harvest of 1319 Fasli and the Kharif of 1320 Fasli, was on the whole comparatively more favourable than its predecessor, the average rainfall of the year being 14.46 inches (*vide* table 31) against the normal for the district of 19.22 inches. The outturn of the Rabi harvest was generally poor owing to the scanty rains of the previous year but that of the Kharif harvest was fair to good. Remissions of a portion of the revenue demand for the former harvest had accordingly to be granted.

222. The system of fluctuating assessment in the 46 villages selected at the time of the settlement worked well, and the villagers' liking for it showed signs of increasing, as 4 villages under fixed assessment have applied to have the variable system extended to them.

223. The practical results, both in regard to the area sown and the revenue realized, show a decrease when compared with the standard fixed at the time of the settlement. This is due to the scanty rainfall of the year, specially in the Beawar Tahsil.

224. The following table compares, for the variable villages, the revenue actually assessed for the year 1320 Fasli with the standard fixed at the settlement :—

Tahsil.	STANDARD.			Annual crop rate tank revenue for 15 years including famine.	ACTUALS FOR 1320 FASLI.			Average crop rate tank assessed 1320 Fasli.

225. The current demand on account of land and water revenue for the year amounted to Rs. 3,71,826 against 3,49,435 for the year 1911-12, the increase of Rs. 22,391 being chiefly due to a larger area having been cultivated and assessed during the year on account of better rainfall. Including the arrears of previous years the total demand aggregated Rs. 4,67,384. Out of this Rs. 3,66,270 were realized, as against Rs. 2,93,196 in the previous year as shown below :—

Revenue of the year . . . . .	2,65,238	3,18,657
	<u>2,93,196</u>	<u>3,66,270</u>

226. The figures for 1912-13 include Rs. 442-7-2 on account of surplus collections of previous years taken into account during the year under report and exclude Rs. 22-10-3 collected as surplus to be taken into account next year.

227. During the year under report the total amount remitted was Rs. 66,837, of which Rs. 3,000 represented suspended arrears long out-standing against the Istimrardars of Jotayan, Arwar and Koda. The balance, Rs. 63,837, represents the demand of Kharif and Rabi harvests of 1319 Fasli (1912 A.D.) which was remitted on account of insufficient rainfall.

Prices.

228. The retail prices of the principal food grains (barley and maize) varied in April 1912 from 11 seers 12 chhataks in the Ajmer Tahsil to 14 seers in Beawar.

229. In May to September they remained between 10 seers 9 chhatks and 14 seers 14 chhataks. In October the prices ranged from 12 seers 14 chhataks to 14 seers 4 chhataks, while from November 1912 to the end of the year they showed a slight tendency to fall.

Gratuitous Relief.

230. In Todgarh Tahsil, where conditions were unfavourable, arrangements were made for the distribution of gratuitous relief on a restricted scale to deserving persons.

Agricultural stock.

231. The table below compares with the two previous years the results of the enumeration of agricultural stock in Ajmer-Merwara during the year under report :—

	1910-11.	1911-12.	1912-13.
Cows and bullocks . . . .	1,76,994	1,90,047	1,88,563

Sheep and goats . . . . .	2,77,447	2,76,188	2,29,848

232. There was no epidemic disease among the cattle throughout the year except foot and mouth disease and small-pox, which prevailed in the Beawar Tahsil.

233. Fodder for cattle was insufficient in Merwara and consequently a grass depôt was opened at Beawar, from which 11,500 maunds of grass were distributed as takavi to the agricultural classes.

Boundary marks disputes.

234. Local forest reserves were also thrown open for grazing cattle.

235. Boundary pillars and survey and plot marks were inspected by the Revenue officials from time to time : 8 boundary pillars were found damaged and steps were taken to put them in order. The number of boundary cases pending from the last year was 9, and 95 cases were instituted during the year under report making a total of 104. Of these 92 were disposed of, leaving 12 pending at the close of the year which it is proposed to make over to a special Boundary Settlement Officer for settlement during the ensuing cold weather.

Records and staff.

236. In accordance with the rules regarding the correct maintenance of the new khasras and maps, 4,544 corrections were made during the year under report. The Tahsildars and Naib Tahsildars constantly made inspecting tours in the district and spent on an average 107 days in the Ajmer Tahsil, and 129 and 150 days in the Beawar and Todgarh Tahsils respectively.

237. The Todgarh Tahsil was inspected by the Extra Assistant Commissioner, Merwara, and the Ajmer Tahsil by the Assistant Commissioner, Ajmer.

Revenue Processes.

238. 144 writs, 105 warrants of arrest and 14 warrants of attachment were issued for the recovery of dues of land and water revenue and takavi, but no person was imprisoned for default of payment.

239. In Ajmer 12 cases were pending from the last year and 6,607 cases were instituted during the year under report, of which 6,607 were disposed of. In Merwara the numbers of institutions and disposals of cases were 11,929 and 11,560 respectively.

Acquisition of land for public purposes and reduction of Government Jama. Alienation of Government land.

240. 62 bighas and 7 biswas of land were taken up in the Ajmer district for Railways and 4 Bighas and 14 biswas for buildings and miscellaneous works.

241. A sum of Rs. 35,859-13-2 was paid by way of compensation and Rs. 22-15-3 represented the amount of reduction in the Government roll.

242. There was no case of alienation of Government land nor assignment of land revenue during the year.

## (2) Opium, Excise and Drugs.

Excise. (vide statements Nos. 36-40.)

243. The gross receipts from excise opium and drugs amounted to Rs. 3,51,961 against Rs. 3,46,320 in the preceding year, showing an increase of Rs. 5,641, which is chiefly noticeable under the head of Country Spirits and

is due to comparatively high bids having been offered at the time of sale of country spirit shops by the bidders owing to keen competition. The expenditure on the excise establishment amounted to Rs. 18,468 as compared with Rs. 18,143 in the preceding year. The net profit on the year's working thus amounted to Rs. 3,33,493 against Rs. 3,28,177 in the year 1911-12.

244. The year under review is the 5th year of the contract supply system. Country spirits. The rates at which country spirits are supplied by the contractor are as follows :—

Rate per gallon	MOHWA				GUR			
	25 U.	P.	50 U.	P.	25 U.	P.	50 U.	P.
	0—13—6	0	8—0		0—15—0		0—9—6	

245. The receipts under the head Country Spirits amounted to Rs. 3,02,976 as compared with Rs. 2,98,229 in the year 1911-12.

246. The total issues of country liquor from the Ajmer distillery were 51,779·7 proof gallons as against 53,248·9 gallons in 1911-12. The decrease in consumption was due to the unfavourable season. The still-head duty on spirits issued for consumption in urban and rural areas was as follows :—

	Rs.	a.	p.	
Urban area	4—	6—0		per proof gallon
Rural area	3—	12—0		„ „ „

247. The number of country liquor shops in the district was the same as last year, *viz.*, 123. The shops at Baghana and Dawair, however, remained closed, the latter for want of a purchaser and the former because of the contractor not making a profit by the sale of liquor at the shop.

248. The question of restricting the issue of temporary licenses for the sale of spirits at fairs and festivals was kept in view, but no change in the present practice appeared necessary.

249. The privilege of tapping and vending tari is held by a contractor. Tari. A sum of Rs. 275 was recovered in advance on account of the contract money for the year 1913-14. The number of shops for vending tari was 5; 1,080 trees were tapped, the yield being 7,321 gallons and 1 bottle of tari.

250. The number of licenses issued during the year for the sale of foreign Foreign Liquors. liquor was 16 against 17 last year. The license fees for the wholesale and retail vend of foreign spirits and foreign fermented liquor amounted to Rs. 2,144 against Rs. 2,168 in the preceding year. Statistics showing the whole-sale and retail vend and consumption of foreign liquors are given in appendices 40-B and 40-C.

251. The receipts under opium amounted to Rs. 29,059 against Rs. 29,113 Opium. in 1911-12.

Opium weighing 42 Maunds 37 seers 13 ch. 5 mashas was imported for consumption in Ajmer-Merwara, the import duty realized being Rs. 6,872 against 54 Maunds 10 seers 4 ch. 4 tolas  $4\frac{1}{2}$  mashas and Rs. 8,681 respectively in the preceding year. The decrease in the import duty is due to a less quantity of opium having been imported from outside because there was a stock of locally produced opium with the licensed vendors.

252. The total number of licenses issued during the year for the whole-sale vend of opium was 10 as against 14 in 1911-12.

253. The number of shops for retail vend was 41, *viz.*, 8 in the Municipal and 33 in the rural areas.

254. No license was issued for the cultivation of opium during the year under review.

257. The number of shops for the retail vend of intoxicating drugs was the same as in the preceding year, *viz.*, 16.

condition of this dispensary is unsatisfactory and requires to be improved. The matter is under consideration.

276. The Deolia dispensary was abolished on 31st December 1912 as it was found not to supply any real public want.

Chaukidari  
Fund.

277. The receipts amounted to Rs. 13,866 as compared with Rs. 10,687 in 1911-12. The increase of Rs. 3,179 is due to the fact that arrears were recovered during this year. The expenditure was Rs. 12,369 as against Rs. 17,292 in 1911-12, a decrease of Rs. 4,923 attributable to the fact that in 1911-12 a Government promissory note worth Rs. 5,000 was purchased.

Police Ohanda  
Fund.

278. The receipts amounted to Rs. 4,101 as against Rs. 3,239 in 1911-12. The increase of Rs. 862 is due to recoveries on account of sale of grass; no such income accrued last year. The expenditure came to Rs. 2,961 as against Rs. 2,927 in the preceding year.

Nasirabad  
Cantonment  
Fund.

279. The total receipts amounted to Rs. 74,170 as compared, with Rs. 65,197 in 1911-12, the increase of Rs. 8,973 being chiefly due to increase in the Octroi receipts, license fees on bullock carts and other items, and to a satisfactory expansion of revenue under all heads. The expenditure amounted to Rs. 70,703 as against Rs. 67,147 in the preceding year. The increase of Rs. 3,558 is due to increase in the ordinary recurring expenditure, and to certain original works having been carried out during the year. ## GENERAL (MISCELLANEOUS).

300. The annual religious fair at Pushkar was held between the 20th and Pushkar Fair. 24th November 1912. The attendance of pilgrims was poor chiefly owing to the scanty rainfall and the prevalence of plague in Jaipur. The sanitary arrangements were highly successful and no epidemic disease of any kind occurred during the fair. The horse show and cattle fair formed a prominent part of the programme. As a mart for the sale of horses, cattle and camels this fair has eclipsed all previous records. The Police arrangements were good and no serious crime occurred during the fair. Owing to the premature cessation of the rains the Agricultural and Industrial Exhibition was again not held this year.
